Gifted Education FRAMEWORK

By Gifted Education Committee

OBJECTIVE

To explore and nourish gifted or high ability students systematically by providing appropriate educational opportunities for them. We expect that our students can develop their individual potential in the flexible teaching environment.

LEVEL ONE

Gifted education is adopted in the curriculum of different subjects for all students.

LEVEL TWO

School-based subject enrichment classes and competition training courses after lessons are provided for the gifted students.

LEVEL THREE

Off-site gifted programs are recommended to the exceptionally gifted students. Please refer to [ePortal](#) for the off-site programs.
